ABOUT NetDragon Summer Internship

International Summer Vacation Intern Program is a world-oriented normalized traineeship program of NetDragon Websoft Inc. Aimed at attracting young students from all over the world to study design methods, communicate cultural and creative ideas and get inspirations for design in the industrial park through a worldwide recruitment. During the six-week summer vacation internship, students from different backgrounds and areas will live, practice, communicate, and experience cultural fusion in NetDragon's picturesque Changle Base--"Haixi Animation Park".

Summer Internship 2014 - 2019

Students will display their own design works ultimately
to wind up their internship successfully.
