CALL FOR APPLICATIONS

Cultural Heritage Student Mobility Scholarships

EU4Dialogue Programme

In the framework of the EU4Dialogue programme co-financed by the European Union and led by the DAAD, Campus France and the other partners are organising several activities and events for cultural heritage professionals and students from the South Caucasus and Moldova.

Summary of the EU4Dialogue mobility programme

As a pilot initiative managed by Campus France, selected students/young professionals will receive a scholarship to undertake one semester within a Master's programme in the field of cultural heritage in France, at the University Lumière – Lyon 2, starting August 28, 2023. The EU4Dialogue mobility programme does not guarantee an automatic recognition or transfer of academic credits possibly earned during the semester at the University Lumière – Lyon 2.

As the courses of the Master's programme will be mainly taught in French, the study semester will be preceded by intensive French language courses during the summer and a two-week French language course at the University Lumière – Lyon 2, called "stage PRUNE". Furthermore, during the study semester, a French language course will be offered by the University Lumière – Lyon 2 through the FEMI programme (French for internationally mobile students).

Description of the EU4Dialogue mobility programme

In the framework of the mobility scheme, the following activities will be fully covered:

1) Pre-sessional intensive French language courses

The selected students/young professionals will be able to follow physical or online French language courses at an Institut Français or Alliance Française in their home country/region, or at an institution in France, during the summer. The exact format (number of hours per week, individual or group sessions, physical or online sessions, etc.) will be defined individually for each scholarship holder depending on their level and needs and the regulations of the EU4Dialogue programme.

2) Two-week French language course – "stage PRUNE" (Pre-entry university programme) at the University Lumière – Lyon 2

The pre-entry university courses are intended for international students who participate in a mobility scheme at the University Lumière – Lyon 2 University.

3) Study programme at the University Lumière – Lyon 2

The scholarship holders will be able to follow modules from the following study programmes. The selection of modules will be made at a later stage, based on their profile and needs.
